OUR ETHOS

Keeping true to our eco-chic hideout beliefs, our villas, although luxurious, spacious, comfortable and private in nature, do not offer televisions. Our villas, however, do offer great open architecture, natural ventilations and of course have fans besides all other modern day comforts like outdoor showers, his and her vanity tables, comfortable bedding and so forth. A cool breeze from the ocean and the sounds of the waves offers a great sleep, while keeping our eco-footprint as small as possible.

ACTIVITIES

When you tire of laying on the beach, lapping in the sea, indulging in peace and relaxation in your villa, there are an abundance of privately arranged trips and activities to choose from. These include less than 1 hour boat trips to the famous Phi Phi Island National Marine Park.

Be amazed by the lime stone rock formations of Railay Beach and explore Chicken Island, Hong Island and its stunning lagoon. Trekking in Koh Pu Mountain, private cooking classes in your villa and kayaking through the mangroves are also options.

OUR BEACHFRONT RESTAURANT AND BAR

Indulge in some of the most fantastic cuisine available in Thailand. Our cuisine concept is centered around the use of a lot of fresh organic ingredients and interesting presentations using local materials, maintaining authenticity along the way. Guests will also appreciate our selection of international cuisine, both from the greater region such as Italy, Japan, and India. Our bar is the best place to discover some artisan wines, exciting cocktails made by our resident mixologist or one of our single origin coffees just to name a few.
